JUNIOR FULL-STACK DEVELOPER

REACT • TYPESCRIPT • NODE.JS • EXPRESS • MONGODB • REST APIs

Summary

Full-Stack Web Developer skilled in React, Node.js, and TypeScript, with experience building responsive, user-centered applications. Brings clean coding practices, strong problem-solving abilities, and fast learning to engineering teams. Known for attention to detail and a collaborative mindset. Seeking a role contributing to modern development projects while continuing to grow technically.

Key Competences

- Fast Learning & Adaptability
- Clean & Scalable Code Practice
- User-Centered Development

- Attention to Detail
- Time management & Realibility
- UI/UX Design with Figma

Education

Le CNAM Liban UNIVERSITY   Le Cnam Liban, Beirut
Bachelor of Computer Science (In Progress)   2026
Relevant Coursework – Algorithms, Data Structures, OOP, Databases, Web Development,Networking, Software Engineering

SHOUF NATIONAL COLLEGE   Chouf, Lebanon
Baccalauréat Français – Scientific Track (Math & Science Specialization).   2022

Experience

Shopora - Full-Stack E-Commerce Platform
React, TypeScript, Node.js, Express, MongoDB, Zustand, Tailwind CSS
- Developed an e-commerce app with shop creation, product management, cart, favorites, and order tracking.
- Built scalable REST APIs and organized backend architecture for authentication, products, and orders.
- Implemented responsive UI and global state management using Zustand.

Shopora - Full-Stack E-Commerce Platform
React, TypeScript, Node.js, Express, Supabase, Prisma, Zustand, Tailwind CSS
- Built a family task platform with invite links, notifications, weekly list resets, and history tracking.
- Implemented backend logic using Supabase + Prisma for users, families, and list operations.
- Designed responsive UI and clean user flows with Zustand for state management.

Languages

- Arabic — Native / Fluent
- French — Advanced
- English — Advanced

Certifications & Achievements

• React Development Course   Scrimba
Built interactive React applications using components, hooks, state management,   2024
and modern best practices.

• Full-Stack Web Development Bootcamp   4Finance Training Center
Intensive program covering frontend and backend development using TypeScript,   2025
React, Node.js, Express, MongoDB, and REST APIs.
